Romit Halder

Analyst/Software Engineer

Base Location: MUMBAI

Email ID: romit.halder@capgemini.com

Mobile No: +917595989565

Grade: A4

EMP ID-46290274

Strengths

Full Stack Developer

❑ An Optimistic learner with knowledge in both Front-end and Back-end development with good communication skill.

❑ Good Knowledge of java programming and Proficiency in **spring framework and Spring Boot** and in creating **Single page Web** Application in **Angular** with working knowledge on template-driven and reactive forms, routing and Angular material.

❑ Experience in creating documentation with Java docs and swagger and in **unit testing using Junit, Mockito** including **code quality compliance and** Development experience using **Eclipse IDE, VS Code, postman API connection** and **MangoDB.**

❑ Completed **AWS Certification on AWS Cloud builder and Udemy.**

Achievement

AGRICULTURE CROP SYSTEM

Completed Case study of Agriculture Crop System or Crop-Deal App Implementing Microservice Architecture along with API Gateway and Eureka Server,, Backend with Java, Spring-Boot and MongoDB, Swagger, responsive UI with Angular.
In the application, the farmer can upload the crops to be sold and dealers can make the payment using the payment gateway after ensuring the quality by visiting the address of the farmer.

Book Store App

Completed Bookstore App project for Capgemini Internship which was in Monolithic Architecture with Java, Spring Boot, H2 Database and responsive UI with Angular.
